

# MQ2020 STAFF PARKING RATES

Parking is available for those who choose to drive to campus, however staff, students and visitors are encouraged to consider using sustainable options like public transport, walking or cycling.

We have a dedicated Metro train station and multiple bus routes connecting to the Sydney metropolitan area and beyond.

Visit [mq.edu.au/parking](https://mq.edu.au/parking)  
to create your vPermit parking account and more.

## Top 10 things you should know about parking permits at Macquarie:

1. Car licence plate numbers are important in our parking system. Drivers must ensure the active registration number in their parking account matches the car driven to campus. Having an incorrect active vehicle could lead to an \$82 fine. It's easy to switch and takes a just few minutes online. Also, be careful with 'O' and the numeric '0' characters.
2. NSW mobility parking scheme permit holders and motorcycle riders park for free in designated spaces and do not need a vPermit.
3. vPermits are purchased online using a self-managed account at **[vpermit.com.au/mq](https://vpermit.com.au/mq)**.
4. Salary sacrifice is available (conditions apply).
5. Dynamic signage shows bay availability in each carpark.
6. Staff can access discounted rates after entering a valid MQ OneID into their online account.
7. Walk further, pay less. Lower-priced carpark zones are situated on the edge of campus while the more popular, central carparks attract a higher rate.
8. Car space availability is not guaranteed, except in Staff Premium or Reserved carparks where a fixed number of vPermits are issued each year.
9. There are no windscreen stickers – it's all online.
10. Instead of purchasing a vPermit, staff can access discounted staff rates using PAYG parking with the app-based option available in selected carparks. Please enable app refresh on your device.
